A TECHNOLOGIST AND A CHANGEMAKER

Ankur Chandrakant represents a new generation of leadership where deep technical knowledge is a catalyst for social change. With over 15 years of hands-on expertise in cybersecurity, digital forensics, and ethical hacking, he began his career by solving complex cyber investigations and training law enforcement and other professionals on how to respond effectively to digital threats. This foundational experience built a reservoir of technical credibility that he has since channelled into public-facing campaigns, large-scale educational programs, and community driven initiatives. Today, Ankur splits his time between three core functions: **1. Advising Organisations:** Providing expert consultation on cyber resilience and digital safety protocols. **2. Public Education:** Producing evidence-driven awareness content and acting as a prominent speaker and trainer on cyber safety. **3. Community Leadership:** Steering The Better Planet Society (TBPS) to execute high-impact campaigns in menstrual hygiene, women and child empowerment, and free legal aid for online victims He is a nationally recognized figure, featured in prominent media outlets and invited to speak at forums like TEDx for his dual role as an expert bridging the gap between digital risk and social responsibility

THE BETTER PLANET SOCIETY

Ankur Chandrakant translated his mission to protect people from the digital realm to the physical, founding The Better Planet Society (TBPS), a non-profit organization dedicated to creating measurable social impact. TBPS stands as the primary vehicle for his community focused work, blending technological awareness with on-the-ground action.

MISSION AND FOCUS AREAS

Under Ankur’s stewardship, TBPS operates on a multi-pronged strategy focused on some of India's most pressing social challenges **1. Cyber Safety Education:** Providing free, accessible digital safety training, with a special focus on vulnerable communities. **2. Menstrual Hygiene Awareness:** Tackling deep-seated stigma and health risks through education and resource distribution. **3.Women & Child Empowerment:** Running programs designed to build confidence, impart skills, and ensure the safety and development of women and children. **4. Free Legal Aid:** Offering support and guidance to the victims of online crimes. TBPS successfully merges fieldwork, strategic media outreach, and direct distribution to create holistic and sustainable change, having already reached tens of thousands of individuals across North India

DRIVING CHANGE THROUGH ACTION

The work of Ankur and The Better Planet Society is defined by its ambitious, action-oriented campaigns that have delivered tangible results and empowered entire communities

PROJECT UMA: MENSTRUAL HYGIENE & CANCER AWARENESS

Project UMA is a flagship initiative launched by TBPS to address the critical issues of menstrual hygiene and cancer awareness. This ongoing campaign has been instrumental in: Educating communities across North India to break the silence and stigma surrounding menstruation. Raising awareness about preventable cancers linked to poor hygiene. Distributing essential hygiene products to women and girls in underserved areas

THE BETTER PLANET RIDE (2025)

A landmark campaign, The Better Planet Ride was a 30-day journey covering over 7,000 kilometers across North India. This ambitious initiative combined three powerful messages: **1.Menstrual Hygiene Awareness 2.Cyber Safety Education 3.Youth Inspiration & Self-Transformation** The Better Planet Ride (2025) This ride exemplified Ankur's unique ability to merge diverse social causes into a single, high-visibility campaign for maximum impact.

EDUCATIONAL OUTREACH AND PARTNERSHIPS

The impact of TBPS is further magnified by its extensive educational network: 23,000+ women have been trained in cyber awareness and digital safety through over 900 dedicated free-of-cost sessions. 80+ schools and colleges have partnered with TBPS to implement large-scale awareness and empowerment programs for their students.

RESPECTED VOICE IN TECHNOLOGY AND SOCIAL CHANGE
